

Examiner Applications Due: February 2, 2018

Examiner Overview

WHO ARE EXAMINERS? The Board of Examiners is comprised of volunteers from all sectors and levels of organizations. These individuals have backgrounds in business and industry, health care and education, trade and professional associations, universities, government agencies, and not-for-profit-organizations. Some examiners are self-employed or retired.

EXAMINER APPLICATION—Individuals who are interested in serving on the Board of Examiners are required to apply/reapply each year. Applicants **MUST** read all of the provided Examiner Information Document, acknowledging the time requirements, expectations, Code of Ethics, and fee information.

SELECTION FACTORS—Submitted applications go through a review process by the Award Office staff and Advisory Board. Selection is based upon the candidate's knowledge, experience, skill, sector expertise, etc. Eligibility does not guarantee selection. No prospective candidate shall be denied consideration on the grounds of race, creed, color, national origin, age, gender, or disability.

Examiners are notified of their selection in late February. After completing training, Examiners will be assigned to Teams to complete the Examination Process. Initial selection guarantees acceptance into training; it does not guarantee team placement. Placement on an Examiner team is based on several factors including:

- Preparation for training
- Performance in training activities
- Interpersonal skills and the ability to work effectively as a member of a team
- Sector knowledge—ensuring a balance of sector representation on each team
- Number of award applications received/need for examiners to support them
- Consideration for the potential Examiner's possible conflicts of interest
